PROFILE

MCA student at Musaliar College of Engineering and Technology with skills in Python, Django, HTML, CSS, JavaScript, jQuery, Bootstrap, REST API, Git, and SQL. Passionate about Full Stack Web Development and building practical web applications. Worked on projects like SHOPZEN, an e-commerce platform, and POWERTRACK, a complaint management system for electricity issue reporting. Strong interest in learning new technologies and contributing to real-world software projects.

PROJECTS

SHOPZEN

SHOPZEN is an online shopping website that helps customers buy products easily. It has a simple design, secure payment options, and lets users shop anytime and from anywhere.

Tech Stack: Python, Django, HTML, CSS, Bootstrap, SQLite

POWERTRACK

PowerTrack is a web application that helps users report electricity problems like power cuts or tree falls easily. Users can send complaints with photos and location details, and officers can track and update the status. It makes communication between users and KSEB officers faster and more efficient

Tech Stack: Python, Django, HTML, CSS, Bootstrap, SQLite

EXPERIENCE

Internship: Python Fullstack
Developer

INet Infotech, Ernakulam

August 2023 - December 2023

- Developed web applications using Python, Django, HTML/CSS, Bootstrap, jQuery, and JavaScript.
- Contributed to the development of SHOPZEN, an online shopping platform

CERTIFICATIONS

- Front-End Development - CSS
Great Learning, [january 2024]
- Python Full-Stack Course
INet Infotech,Ernakulam
June 2023-August 2023
